San José State University

Lurie College of Education, Department of Special Education
EDSE 279: Managing Behaviors and Emotional Problems of Students in Special Education
Spring 2021

Course and Contact Information

Instructor: Andrea Golloher
Office Location: SH 235 (if on campus)
Email: andrea.golloher@sjsu.edu (preferred mode of contact)
Office Hours: Online Thursdays, 2:00-4:00 or by appointment
Class Days/Time: Wednesdays, 4:00-6:45 (see schedule for meeting dates)
Classroom: Online

Course Description (from SJSU Catalog)

Participants in EDSE 279 will learn to design learning environments that promote positive social-emotional and academic learning experiences, assess students’ behaviors, and design formal and informal positive support plans based on assessment results that support student success in school. The course meets one of the requirements for teacher candidates in all the Special Education Teaching Credential Programs as well as for those in the Concurrent Program who are pursuing both general education and special education credentials.

Course Format: Online Hybrid

This course will adopt a hybrid delivery format, including synchronous meetings. Students will need access to a computer or tablet device with internet connectivity, a microphone, and speakers.

Technology Requirements

If you do not have access to a computer with the necessary features to participate in class, please look into the free equipment loaning program (https://www.sjsu.edu/it/services/academic-tech/equipment-loaning/index.php) offered by SJSU. If campus is open, there are computer labs for student use available in the Academic Success Center (http://www.sjsu.edu/at/asc) located on the 1st floor of Clark Hall and in the Associated Students Lab on the 2nd floor of the Student Union. Computers are also available in the Martin Luther King Library. A wide variety of audio-visual equipment is available for student checkout from Media Services located in IRC 112. These items include DV and HD digital camcorders; digital still cameras; video, slide and overhead projectors; DVD, CD, and audiotape players; sound systems, wireless microphones, projection screens and monitors.

Canvas Learning Management System

All course materials (announcements, syllabus, handouts, assignment instructions, lecture videos, etc.) will be available on Canvas. You are responsible for regularly checking both Canvas and your SJSU email (the one that ends with “sjsu.edu”) to learn of any updates. For help with using Canvas see Canvas Student Resources page (http://www.sjsu.edu/ecampus/teaching-tools/canvas/student_resources).
Course Goals and Knowledge Base

This course is intended to assist students to meet the competencies specified in the CCTC Teacher Performance Expectations (TPEs) related to supporting positive behavior and classroom management for as specified for the following credentials:

- **Universal**: 1.1, 2.1, 2.3, 2.6, 6.2
- **Mild Moderate** (MM): 1.6, 1.7, 2.5, 2.6, 2.7, 4.3, and 6.2.
- **Extensive Support Needs** (ESN): 1.4, 2.8, 2.9, 2.10, 2.13, 4.1, and 4.5
- **Early Childhood Special Education** (ECSE): 1.6, 2.4, and 4.7

Additionally, this course addresses the following program learning outcomes (PLOs):

- **PLO #1**: Assess and identify the educational needs and strengths of students with disabilities from diverse socioeconomic, cultural, and linguistic backgrounds.
- **PLO #4**: Apply knowledge of the purpose, characteristics, and appropriate use of different types of assessments used for special education eligibility, placement, and service selection.

Course Learning Outcomes: California Commission for Teacher Credentialing Teacher Performance Expectations

In order to address the TPEs and PLOs described above, the course will address the following course learning outcomes:

1. Design learning environments that promote positive social-emotional and academic learning experiences for all students receiving general and special education, including emergent bilinguals (aka, English learners) and students in diverse socioeconomic environments.
2. Conduct a functional behavioral assessment (FBA) for a student who demonstrates challenging behaviors in a classroom.
3. Develop a positive behavioral intervention support (PBIS) plan collaboratively with an educational team.
4. Demonstrate knowledge about strategies for increasing appropriate behaviors and decreasing inappropriate behaviors; critically evaluate their effectiveness and pitfalls; select appropriate, evidence-based strategies; and implement selected strategies in such a way to maximize their effectiveness in order to enhance the quality of students’ schooling and lives.
5. Demonstrate knowledge about various models and strategies for classroom management in general; critically evaluate their effectiveness and pitfalls; select appropriate, evidence-based strategies; and implement selected strategies in such a way to maximize their effectiveness in order to enhance the quality of students’ schooling and lives.
6. Plan strategies for addressing social emotional needs of students and for building social relationships among students.
7. Demonstrate knowledge about federal and state laws governing interventions for students who demonstrate challenging behaviors.
8. Identify the components and legal guidelines for the use of emergency procedures for students who demonstrate dangerous behavior.

Required Texts/Readings

Other readings - assigned on Canvas

Course Requirements and Assignments

*SJSU classes are designed such that in order to be successful it is expected that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities. More details about student workload can be found in University Policy S12-3 at http://www.sjsu.edu/senate/docs/S12-3.pdf.*

More detailed descriptions and grading requirements for all assignments can be found on Canvas.

| SEL module                    | ● Define social and emotional learning (SEL) and a set of core social and emotional competencies;  
                                ● Understand the importance of SEL for students and adults;  
                                ● Identify the key components of SEL, including how social and emotional competencies change across the lifespan and across multiple context and cultures;  
                                ● Explore ways that SEL aligns with other initiatives;  
                                ● Determine strategies to begin to implement SEL in practice.                                                                                                                                 | 10     | 3.33%   | CLO 1, 6; U 1.1, 2.3; MM 1.7; ESN 1.4; ECSE 4.7 |
| Exit Ticket 1 - Behavior      | ● Operationally define behavior  
                                ● Identify both positive and negative reinforcement and the impact of reinforcement on behavior                                                                                                                                 | 5      | 1.67%   | CLO 4; MM 4.3; ESN 4.1; ESCE 1.6 |
| and reinforcement             |                                                                                                                                                                                                          |        |         |                        |
| Classroom                     | ● Understand how disruptive behavior negatively affects instruction and learning  
                                ● Be familiar with how culture can influence behavior  
                                ● Identify and describe the core components of a comprehensive behavior management system  
                                ● Develop a comprehensive behavior management plan  
                                ● Describe the importance of establishing classroom rules that align with the school’s behavior expectations  
                                ● Describe the importance of communicating with families about rules and expected behaviors                                                                                                                                 | 2*10 = 20 total | 6.67%   | CLO 1, 4, 5; U 1.1, 6.2; ECSE 2.4 |

| Exit Ticket 2 - Tracking and analyzing behavioral data | ● Describe the various means of tracking student behavior (frequency, rate, duration, latency, percent, interval recording, etc.)  
● Use visual inspection to interpret behavioral data graphed as part of a time series                                                                                                   | 5      | 1.67%   | CLO 2  
MM 4.3  
ESN 2.13  
ECSE 1.6 |
| MTSS Module | ● Describe school-wide positive behavior supports (SWPBIS)  
● Describe the importance of SWPBS leadership teams, including the types of data they may review  
● Recognize the value of establishing a consistent set of behavioral expectations across environments  
● Describe the importance of and strategies for providing positive, specific, and consistent acknowledgement of positive behavior  
● Describe strategies for teaching social behaviors  
● Describe the role of discipline in a SWPBS program                                                                                                                                  | 10     | 3.33%   | CLO 1, 5, 6  
U 2.2, 2.3, 2.6  
ECSE 2.4 |
| Exit ticket 3 - MTSS Matrix | ● Develop a behavior matrix in order to describe behavioral expectations in different school contexts (class, hallways, lunch, etc.)  
● Describe considerations for developing a behavior matrix for a diverse student body                                                                                                    | 5      | 1.67%   | CLO 1, 5, 6  
U 1.1, 2.2, 2.6, 6.2  
MM 2.7  
ESN 2.8, 2.10  
ECSE 2.4 |
| FBA Module | ● Identify the function of problem behaviors  
● Design individual behavior plans based on the functions of problem behaviors  
● Implement and evaluate individualized behavior plans                                                                                                                                 | 10     | 3.33%   | CLO 2, 3  
MM 2.5, 2.6, 4.3  
ESN 2.8, 2.9, 4.1  
ECSE 1.6, 2.4 |
| Exit ticket 4 - Case Studies - FBA | ● Interpret behavioral data to determine the function of a challenging behavior  
● Suggest reasonable replacement or alternative behaviors to address the function of a challenging behavior  
● Discuss the importance of considering the student’s input in determining replacement behavior                                                                                       | 5      | 1.67%   | CLO 2, 3  
MM 1.7, 2.5, 2.6, 4.3  
ESN 1.4, 2.8, 4.1  
ECSE 1.6, 2.4 |
| Tier 1 Classroom management plan | ● Develop a classroom management plan that includes the following: a statement of purpose, classroom rules using a PBIS matrix, positive consequences, and negative consequences  
● Describe strategies to ensure this plan adequately addresses the needs of a diverse student population  
● Ensure this plan addresses the social-emotional development of your students in an age-appropriate way.                                                                 | 50     | 16.67%  | CLO 1, 4, 5, 6  
U 2.3, 2.6, 6.2  
ECSE 2.4, 4.7 |
| Exit ticket 5 - Individual PBIS | ● Describe strategies for an individual PBIS program, including schedules of reinforcement, shaping and chaining new behaviors, token economies, and planning for generalization and maintenance  
● Identify other professionals who may be part of a “wraparound” system of support.                                                                                                       | 5      | 1.67%   | CLO 3, 5  
MM 2.5, 2.6, 4.3  
ESN 2.8, 2.9, 2.13, 4.1, 4.5  
ECSE 1.6, 4.7 |
| Individual PBIS Modules | ● Understand why teachers need to be able to effectively manage disruptive and noncompliant behaviors  
● Understand problem behaviors as occurring within an acting-out cycle  
● Know the phases of the acting-out cycle  
● Understand how to respond to students in different phases of the acting-out cycle  
● Identify resources that can provide information on behavioral interventions  
● Describe interventions that can increase initial compliance to teacher requests and decrease disruptive and non-compliant behaviors                                                                 | 2*10 = 20 | 6.67%   | CLO 3, 4, 5  
MM 2.5, 2.6, 4.3

| Exit ticket 6 - CBM | ● Describe cognitive behavior management strategies  
 ● Identify which CBM strategies may be used for specific issues students may be facing  
 ● Identify how CBM strategies can be incorporated into Tiers 1, 2, and 3 of a SWPBS system | 5 | 1.67% | CLO 5, 6  
 MM 1.6, 1.7, 4.3  
 ESN 1.4, 2.13, 4.1 |
| Tier 2 Module | ● Define Tier 2 of a SWPBS system  
 ● Describe effective and low-intensity strategies to support positive student behavior prior to a student receiving Tier 3 (FBA) support  
 ● Describe how to use Tier 2 strategies as a bridge to support students moving between Tier 3 and Tier 1  
 ● Describe how to collaborate with IEP team members to develop Tier 2 plan | 10 | 3.33% | CLO 4, 5  
 MM 1.6, 1.7, 6.2  
 ESN 1.4, 2.13  
 ECSE 2.4 |
| Exit ticket 7 - DR schedules | ● Identify the various differential reinforcement schedules  
 ● Describe why one might choose to use a specific DR schedule vs another | 5 | 1.67% | CLO 3, 4  
 MM 2.5, 4.3  
 ESN 1.4, 2.13  
 ECSE 1.6, 2.4, 4.7 |
| Tier 2 strategy repository | ● Develop tools to use to support students who need Tier 2 behavioral support (check-in/check-out; behavioral contracts; social stories; structured breaks; etc.)  
 ● Describe the affordances and constraints of these tools | 20 | 6.67% | CLO 4, 5  
 MM 4.3  
 ESN 2.13, 4.1  
 ECSE 1.6, 2.4, 4.7 |
| Exit ticket 8 - federal and state laws | ● Recognize federal and state laws that govern behavioral interventions for students with challenging behavior  
 ● Describe legal guidance on use of emergency procedures for students who demonstrate dangerous behavior | 5 | 1.67% | |
| PBIS/FBA Assignment | Demonstrate the ability to:  
 ● Operationally define behavior in observable and measurable terms  
 ● Monitor student behavioral data  
 ● Collect and interpret ABC data to determine the function of a behavior  
 ● Complete and interpret a functional interview to describe the context in which a challenging behavior occurs (ecological analysis) and the forms of communication a student uses most frequently (communicative intent), along with other contextual information needed to better understand the student’s needs (health, prior BIP)  
 ● Identify appropriate replacement behavior(s) that meet the function of the challenging behavior  
 ● Develop strategies to prevent challenging behavior (short-term and long-term), teach replacement behavior(s), and respond to challenging behavior  
 ● Write a professional report, appropriate for sharing with other professionals and parents | 110 | 36.67% | CLOs 1-8 U1.1, 2.1, 6.2  
 MM 1.7, 2.5, 2.6, 4.3

| Total | | 300 | 100%* | |

*Note: Sum may not add to 100% due to rounding

**Grading Policies**

*California Commission on Teacher Credentialing Grading Policy*

The California Commission on Teacher Credentialing (CCTC) requires that students complete their credential coursework with a GPA of 3.0 or higher. Students planning on pursuing a teaching credential in ECSE should, therefore, strive to earn a grade of B or higher in all credential coursework.

Late Policy

It is part of the ethos of the Department of Special Education to prepare students for the role of special education teacher. This role requires careful attention be paid to due dates (e.g., a late IEP meeting can - and has - lead to legal action). It is, therefore, important that you practice the skills necessary to manage your time as part of your coursework. Therefore, submission portals for assignments will close two weeks after the submission deadline. Students will need to request permission to submit an assignment more than two weeks late.

At the same time, it is important to practice grace. Please contact me BEFORE the due date to make arrangements if you will not be able to submit the assignment on time. Otherwise, grades will automatically have a 10% deduction on the points earned for each week the assignment is turned in late as follows:

<table>
<thead>
<tr>
<th>Days Late</th>

</tbody>
</table>

Departmental Incomplete Policy

It is the policy of the Department of Special Education that students must have completed 80% of the course work assigned in order to qualify for an incomplete in the class. The final arrangements for making up the incomplete grade (i.e., the due date) will be negotiated between the student and faculty member.

University Policies

Per University Policy S16-9 (http://www.sjsu.edu/senate/docs/S16-9.pdf), relevant university policy concerning all courses, such as student responsibilities, academic integrity, accommodations, dropping and adding, consent for recording of class, etc. and available student services (e.g. learning assistance, counseling, and other resources) are listed on Syllabus Information web page (https://www.sjsu.edu/curriculum/courses/syllabus-info.php).

Accommodations for Students with Disabilities

Presidential Directive 97-03 requires that students with disabilities requesting accommodations register with the Accessible Education Center (AEC) to establish a record of their disability. AEC will contact the instructor with further details, if needed. If special arrangements are needed in cases of emergency or if the building must be evacuated, please make arrangements with the instructor.

Consent for Recording of Class and Public Sharing of Instructor Material

University Policy S12-7 requires students to obtain instructor’s permission to record the course. The following criteria define expectations relating to recording a course.

- Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without approval. You may not publicly share or upload instructor generated material such as exam questions, lecture
notes, or homework solutions without instructor consent. This prohibition includes sharing information with third parties and on websites.

● You must obtain the instructor’s permission to make audio or video recordings in class. Such permission allows the recordings to be used for your private, study purposes only. The recordings are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material.

● Permission from the instructor, whether in writing or orally, may extend to either a single class or the entire semester.

● In classes where active participation of students or guests may be on the recording, permission of those students or guests must be obtained as well.

**Zoom Classroom Etiquette**

● **Mute your microphone**: To help keep background noise to a minimum, make sure you mute your microphone when you are not speaking.

● **Be mindful of background noise and distractions**: Find a quiet place to “attend” class. To the greatest extent possible:
  ○ Avoid video setups where people may be walking behind you, people talking/making noise, etc.
  ○ Avoid activities that could create additional noise, such as shuffling papers, listening to music in the background, etc.

● **Position your camera properly**: Be sure your webcam is in a stable position and focused at eye level.

● **Limit your distractions/avoid multitasking**: You can make it easier to focus on the meeting by turning off notifications, closing or minimizing running apps, and putting your smartphone away (unless you are using it to access Zoom).

● **Use appropriate virtual backgrounds**: If using a virtual background, it should be appropriate and professional and should NOT suggest or include content that is offensive or demeaning.

**Counseling and Psychological Services**

The SJSU Counseling and Psychological Services is located on the corner of 7th Street and San Carlos in the new Student Wellness Center, Room 300B. Professional psychologists, social workers, and counselors are available to provide confidential consultations on issues of student mental health, campus climate, or psychological and academic issues on an individual, couple, or group basis. We also offer numerous workshops for students every semester.

To schedule an appointment or learn more information, visit Counseling and Psychological Services website at http://www.sjsu.edu/counseling.
## EDSE 279 Spring 2021 Course Schedule
